# NAHF CONFERENCE

**JULY 27, 2009 - JULY 30, 2009**  
**MIAMI BEACH CONVENTION CENTER**  
**MIAMI BEACH, FLORIDA, USA**

## PROMOTING PROFESSIONAL DEVELOPMENT

Participating in this conference will give you tools you can use to make a greater contribution to safety in your community and help you advance in your career.

**NAHF** is a non-profit organization, founded in 1995, working to increase fire prevention and safety education in our communities. The organization works locally, nationally, and internationally to develop programs that have dramatically changed the ways that municipalities deal with language, social, and cultural differences that place barriers to Hispanics when seeking aid.

**NAHF** is also committed to changing the grim statistic that fire is the second leading cause of accidental deaths among children under five years of age. Through partnerships and strategic alliances, NAHF has promoted educational and advocacy programs to reduce that statistic.
